## Directions for Use

Optimum results are obtained when the equipment to be cleaner is warm prior to application.

Dispense required amount of Delsol Degreaser into a suitable container and apply liberally with a brush or cloth, covering the entire surface to be cleaned.

Leave for 10 - 15 minutes to allow the Degreaser to penetrate.

Rinse off all Degreaser with clean water.

## Key Information

- Powerful and effective dissolving action will remove heavy deposits of mineral oil, grease, tar, bitumen and waxes from a range of metals, plastics and painted surfaces.
- Can be used for removing oil and grease marks from many surfaces, tar spots and oil from body work and cleaning paint brushes.
- Rapidly separates from dirt and grime for repeated usage and high economy in use.
- Special emulsifiers ensure soilings can be easily rinsed off with water leaving surfaces clean and non-greasy.
- Safe to use.
- Compatible with all metal and metal components.
